GEORGE B. ADAMS, School Treasurer.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens:

At the present time the Heights School has twenty-seven pupils and the South Road School thirty. Both are being conducted well by teachers of training and experience.

The attendance table for 1930-31 shows a decided decrease in cases of tardiness, the lowest number in the twelve years in which I have known the Salisbury schools. During the current year tardiness has been much further reduced at South Road School, but is increasing decidedly at the Heights. Possibly this may seem a small matter to some parents, but a habit of promptness is worth careful cultivation.

As foreseen at the time of the last report, the per pupil cost of our schools was reduced last year to about three dollars less than the state median. In cost to the district on each $1,000.00 of equalized valuation, Salisbury stands number sixty-seven from the lowest among the two hundred forty-three districts of the state.

By the School Board's Estimate the gross amount of money needed next year is $625.00 less than last year's estimate, but it was possible to reduce the amount raised last year by an estimated cash balance of $1,100.00 and State Aid of $159.03. This year our estimated balance is $100.00 and while a small amount of State Aid is due us it is more than balanced by unexpended balances we owe back to the State.

Respectfully,

GEORGE W. SUMNER.
